House of Drawers
SB2261

INSTRUCTIONS

Break pieces apart and file down connector tabs. Paint edges of all pieces. Also paint one side of both roof triangles and the two side pieces. Paint both sides of all remaining pieces.

Cover both sides of back piece in LET IT SNOW (reverse). Cover also one side of thin, triangle roof insert and both sides.

Cover one side of thicker triangle and both roof pieces in DECK THE HALLS (reverse). Assemble and glue unit together, referring to QR code on packaging if necessary.

Cover all drawers in O HOLY NIGHT (reverse). Cut up a sheet of ALL YE FAITHFUL into the individual designs. Use these to cover drawer fronts, with the red doors positioned as shown.

Use the number stickers from the sheet on the drawer fronts, with the "25" as the separate upper drawer. Carefully cut off some of the branches of the vine flourishes, then adhere to front roof section. Adhere the offcuts down the upper sides.

Attach the metal drawer knobs to the "door" drawers and the metal corners to the roofline. Embellish with stickers from the sheet to complete.
