OTHER:

Organza and grosgrain ribbon, Glimmermist Green Tea, Dimensional Magic.

INSTRUCTIONS

Use the black cardstock as your background pages.

Cut strips in a variety of widths from your blue papers and trim the ends to pennant/ribbon shape. Ink the edges and adhere to your cardstock. Attach the pearl strips and pearls around the edges of the layout.

Matt your photos onto white cardstock and then onto black cardstock. On the large photos apply the Island ink to the wooden flourish corners and adhere these to the matted photos. Add some black pearl strips around the edges.

INSTRUCTIONS

Print a quote (or use one from the Pitter Patter sticker sheet), ink the edges, adhere to blue check piece from LITTLE FEET then onto black cardstock.

Attach your photos and quote to the page, using foam tape for the quote if desired.

Ink the wooden flourish safety pins and use these along with stickers, collectables, paper blooms and ribbon to create decorative clusters in the top left and lower right hand corners.

Complete by adding your title and letter stickers. I have inked chipboard letters then sprayed them with glimmermist before applying dimensional magic.
